MELVILLE, N.Y.--(BUSINESS WIRE)--Jul. 11, 2019--

Henry Schein, Inc. (Nasdaq: HSIC) announced that it is accepting applications for the Global Product Donation Program, which provides selected medical and dental organizations with a broad array of health care products and supplies to support their efforts to expand access to care for the underserved.

Each recipient will receive two or more donations of product over the course of two years, with a total fair-market value ranging anywhere from \$5,000 to \$25,000. The deadline to apply for the 2020 program is August 15, 2019.

The Global Product Donation Program is an initiative of Henry Schein Cares, the [corporate social responsibility](#) program of Henry Schein, Inc., which aims to expand access to health care for underserved and at-risk populations around the world by promoting wellness, prevention, treatment and education; providing emergency preparedness and relief; and building health care capacity.

"For 20 years, the Global Product Donation Program has been a wonderful opportunity for Henry Schein to build capacity by supporting community health organizations who share our commitment in expanding access to care through wellness and prevention, and providing relief in times of disaster," said Jennifer Kim Field, Vice President, Corporate Social Responsibility, Henry Schein. "Team Schein is pleased to once again offer assistance to organizations dedicated to providing care for people who might otherwise go without."
