MELVILLE, N.Y.--(BUSINESS WIRE)--Feb. 20, 2023-- Henry Schein, Inc. (Nasdaq: HSIC) today announced its presence at the 2023 Chicago Dental Society Midwinter (CMW) meeting, featuring a comprehensive display of the Company's expansive portfolio of products and solutions, designed to help oral health professionals enhance every aspect of their practice efficiency and the patient experience.

Visitors to the CMW meeting can explore the Company's lineup of products, services, and solutions that can help optimize every step of the practice workflow, including:

- Digital equipment, technology solutions, and innovative business services (booth #3019);
- Software solutions including practice management, marketing, patient engagement, and artificial intelligence (AI) solutions from Henry Schein One (booth #3016);
- Innovative merchandise products and limited time offers on Henry Schein Brand Products (booth #3019);
- Transition planning, sales, and valuations from Henry Schein Dental Practice Transitions and practice financing solutions from Henry Schein Financial Services (booth #3019); and
- Negotiation services from Unitas PPO solutions, part of eAssist Dental Solutions' revenue cycle management offerings. (booth #3012)

"As Team Schein embraces a human-touch model in a digital world, we are excited to connect with dental professionals onsite at the Chicago Midwinter meeting and showcase our comprehensive portfolio of solutions and services," said Dave Steck, Vice President and General Manager, U.S. Dental Group, Henry Schein. "The meeting is an opportunity for Henry Schein to demonstrate how we can help enhance the customer experience. By fostering and nurturing this customer-centric approach, health care professionals can rely on us to continue to deliver an exceptional and emotionally connected experience."

Digital Solutions to Enhance Practice Efficiency

Throughout the meeting, Henry Schein will demonstrate the latest products and digital technology solutions, including lasers, scanners, and 3D printers. Members of the Henry Schein leadership team, along with representatives from 3Shape, Ackuretta, A-dec, ACTEON, Convergent Dental, DCI, DEXIS, Medit, Planmeca, and SprintRay will be available to answer questions, suggest customized solutions, and demonstrate new products, such as:

- 3Shape Trios® 5, Ackuretta 3D Printer, ACTEON HD Intraoral Camera, A-dec dental 511 chair, Convergent Dental all-tissue Solea® Laser, DCI Edge Series 5 Chair, Dentsply Sirona Primescan, Primescan Connect, Primemill, and Primeprint, DEXIS™ digital sensors, DTX 3D software, and S 3800 Scanners, Medit i700, Planmeca Emerald S Scanner, Planmeca Viso and Romexis software, Schick digital sensors, and SprintRay 3D Printer ecosystem.

The Henry Schein Dental booth will also feature the new CARINA digital intraoral sensor, which offers reliable imaging while also prioritizing simplicity for dental practitioners, featuring a one-size design with clipped corners and smooth edges to enhance patient comfort. Created with the digital workflow in mind, the sensors also connect easily into existing digital systems within the dental practice.

Optimizing Practice Management

Visitors to Henry Schein One's booth can explore the Company's portfolio of solutions all designed to ensure practice success, improve the patient experience, and enhance access to care, including:

- **Patient Demand Generation:** Officite, Sesame;
- **Patient Relationship Management:** Lighthouse 360®;
- **Practice Management:** Dentrix®, Dentrix Ascend®, Dentrix Enterprise®;
- **Revenue Cycle Management:** Dentrix QuickBill Premium;
- **Dental Analytics:** Jarvis Analytics; and
- **Clinical Workflow:** Dentrix Detect AI, Dentrix Ascend Voice.

The Henry Schein One booth will also feature AI solutions, Dentrix® Detect AI powered and manufactured by VideHealth, and Dentrix Voice, powered by Bola AI. Both solutions are now available for Dentrix Ascend, the Company's cloud-based practice management solution.

Both Dentrax Detect AI and Dentrax Voice offer powerful tools to help doctors drive better clinical outcomes, enhanced efficiency, and higher revenues. Dentrax Detect AI is an AI enabled X-ray analysis tool, powered by VideHealth's FDA-cleared computer-assisted detection (CADe) device. With this tool seamlessly integrated directly into Dentrax, and now Dentrax Ascend, oral health professionals can use AI in dental practices within their existing workflows, allowing doctors to confirm patient conditions faster, so they can achieve better patient care. Dentrax Voice's AI technology helps improve speed and efficiency throughout the dental office by allowing hygienists to easily record perio exam results, clinical notes, and other correspondence verbally, which all contributes to an improved workflow for the dental team.
