

Henry Schein Medical Systems Earns ONC Health IT Cures Update Certification for its MicroMD Software

March 6, 2023

MELVILLE, NY March 6, 2023—Henry Schein Medical Systems, Inc., developer of MicroMD®, Henry Schein's practice management and electronic health record (EHR) software for medical practices, has achieved Office of the National Coordinator for Health Information Technology (ONC-Health IT) 2015 Edition Cures Update Health IT certification via Drummond Group LLC, an Authorized Certification Body (ACB).

The certification designates that MicroMD EMR delivers the required functionality that is needed to enable eligible providers to successfully participate in quality programs requiring certified EHR technology. This includes the latest interoperability standards needed to support compliance with the 21st Century Cures Act information-sharing requirements. According to the FDA, the Cures Act was designed to help accelerate medical product development and bring new innovations and advances to patients who need them faster and more efficiently.

"We are honored to receive this certification, which recognizes the hard work and dedication of our team to help improve patient care through the use of technology," said Dylan Halladay, Senior Manager, Technology at Henry Schein Medical Systems, Inc. "We are committed to continuing to innovate and find new ways to use technology that can help health care providers deliver the highest standards of care."

2015 Edition Cures Update Health IT certified MicroMD EMR is a simple, customizable, and connected solution designed to help providers run their practice and connect with their patients. Available as both a client-server or web-based solution, MicroMD EMR is a scalable, flexible solution that helps enable practices to improve efficiency, maximize growth, and meet regulatory requirements.

About This Certification MicroMD EMR version 19.0 is 2015 Edition Cures Update compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
