

## Henry Schein Medical and Medpod Inc. Join Forces to Launch Medpac

July 31, 2023

### *Compact, Lightweight, and Portable Telediagnostic Solution Designed to Help Enhance Remote Patient Care*

MELVILLE, N.Y.--(BUSINESS WIRE)--Jul. 31, 2023-- Henry Schein Medical, the U.S. medical business of Henry Schein, Inc. (Nasdaq: HSIC), and Medpod Inc. today announced the launch of Medpac – a lightweight, portable telediagnostic solution that allows health care providers to offer comprehensive professional care regardless of location, helping to bridge the gap between remote telemedicine consultations and in-person office visits. Telemedicine plays a crucial role in improving health care accessibility, reducing barriers, and enhancing patient outcomes, particularly in underserved populations and remote areas, according to a [study](#) published in the National Library of Medicine.

This press release features multimedia. View the full release here: <https://www.businesswire.com/news/home/20230714052658/en/>

A compact, backpack version of Medpod Inc.'s [MobileDoc](#), Medpac houses a set of telediagnostic devices, enabling health care providers to conduct examinations remotely. Equipped with the latest technology, the solution allows for real-time video and audio, as well as clinical and lab data streaming, optimized for both cellular and Wi-Fi networks. Its connectivity capabilities help facilitate continuous patient monitoring and enable access to essential medical data, enhancing the quality of care delivered.

Exclusively distributed by Henry Schein Medical, Medpac is suitable for a range of applications, including ambulatory surgery centers, emergency medical services, expansion of off-site point of care, health professional storage areas, house calls, military, schools, and worksites.

“We are excited to join forces with Medpod Inc. to introduce Medpac, which will further

our efforts to help health care providers deliver exceptional care to patients in any setting,” said Todd Stack, General Manager of Medical Solutions at Henry Schein. “Medpac features Medpod’s pioneering telediagnosics and supports our commitment to providing innovative health care solutions. Together, we are helping to transform the way care is delivered – enhancing patient outcomes and extending the reach of health care professionals.”

Within Medpac, health care providers will find a selection of medical instruments along with an exam camera, a tablet available in a 12 or 17-inch screen, hot-swappable batteries, and a headphone jack for stethoscope monitoring.

“Medpod Inc. is proud to introduce Medpac, a game-changing and even more portable version of our MobileDoc solution,” said [Jack Tawil, Chairman and CEO at Medpod Inc.](#) “Medpod’s goal has always been to mobilize health care delivery. Engineered with years of both provider and patient feedback, and following an intense design process, our engineers have managed to pack significant diagnostic capabilities into a backpack that only a few short years ago required a utility truck to transport.”

Medpac is available now for health care professionals. For more information about Medpac and Medpod Inc.’s other solutions, please [click here](#).
