

Henry Schein Medical Showcases Emergency Medical Services Solutions for Community-Based Models of Care at FDIC International

April 8, 2024

Fire and EMS Professionals to Learn About Company's Lineup of Solutions for Mobile Integrated Health and Community Paramedicine

MELVILLE, N.Y., April 8, 2024 – Henry Schein Medical, the U.S. medical business of Henry Schein, Inc. (Nasdaq: HSIC), today announced it will present at the 2024 Fire Department Instructors Conference (FDIC) International a lineup of equipment, technology solutions, and services designed to help first responders enhance efficiencies while continuing to provide essential services to communities.

From April 15 – 20, 2024, in Indianapolis, the Henry Schein Medical EMS team will be onsite (booth #223) to discuss how Henry Schein Medical supports the future of the industry by providing tools for mobile integrated health (MIH), community paramedicine, and other community-based models.

“Our team, many of whom started their careers as field medics, is pleased to once again attend FDIC International to engage and enhance our relationships with Fire and EMS professionals,” said Dan O’Connell, General Manager of Henry Schein Medical EMS. “We are particularly excited to highlight how our MIH solutions, such as lab testing and imaging, can help EMS professionals provide patients with high-quality care at home. At Henry Schein Medical EMS, we recognize the diverse paths EMS agencies take toward MIH, and we are committed to supporting this journey with tailored solutions that help meet each agency’s individual needs and help to elevate patient care.”

Experience Product Demonstrations

During the Meeting, product demonstrations will include the Abbott *i-STAT 1* handheld blood analyzer and *Piccolo Xpress* portable diagnostic analyzer, Butterfly portable ultrasound, First Res patient lifting straps, GE HealthCare Vscan Air™ ultrasound, Masimo Rad-57® Pulse CO-Oximeter®, Siemens epoc® Blood Analysis System, and VendNovation, a cloud-based vending management software.

Exchange With Specialists

At the Henry Schein Medical booth, EMS professionals can explore the Company’s comprehensive laboratory solutions, including point-of-care testing options. These on-site testing capabilities provide rapid results, empowering first responders to make critical decisions in the field. The Henry Schein Medical EMS team will also be available to discuss [Medpod](#), a telemedicine platform available in a cloud-based format as well as in complete cart deployments.

Representatives from [Ansell](#), [Butterfly](#), [First Res](#), [GE HealthCare](#), [MADA Medical Products, Inc.](#), [Masimo](#), [Statpacks](#), [VendNovation](#), and [3M](#), will be onsite to answer questions and suggest personalized offerings.

Explore Featured Supplies

The Henry Schein Medical booth will also feature products such as Ansell’s Microflex® exam gloves and Ringers® extrication gloves, Graham Medical’s MegaMover® Transport Units, Halyard’s PURPLE NITRILE* exam gloves, MADA Medical Products, Inc.’s oxygen regulators, Medsource Labs’ ETCO2 sampling cannulas, Statpacks’ G3 and G4 trauma bag offerings, and the 3M™ Littmann® CORE Digital Stethoscope.

For more than 35 years, Henry Schein Medical’s EMS business has served law enforcement, firefighters, public safety departments, and EMS crews, providing med/surge, equipment, laboratory, and pharmaceutical offerings.
