

## Henry Schein's MicroMD(R) PM Practice Management System Again Ranks Near Top of KLAS Mid-Year Top 20

July 5, 2007

MicroMD(R) PM Extends its Consistent Record of Top-Tier Ratings

MELVILLE, N.Y.--(BUSINESS WIRE)--July 5, 2007--Henry Schein Medical Systems, the medical software division of Henry Schein, Inc., announced today that its MicroMD(R) PM practice management software again ranked among the healthcare IT industry's best practice management systems in the KLAS Mid-Year Top 20 Report, issued on June 15, 2007. A Windows-based, client/server practice management system, MicroMD(R) PM was rated #2 in the Ambulatory Billing and Scheduling category for medical groups of 1-5 physicians.

"MicroMD(R) PM has stood the test of time with top-level ratings in user surveys year after year," said Ajit Kumar, Ph.D., General Manager, Henry Schein Medical Systems. "This underscores that MicroMD(R) PM is a reliable, robust solution that group practices can count on, today and into the future, to master the management of their medical office operations."

MicroMD(R) PM has ranked in the top five for medical groups of 1-5 physicians in eight of the last nine consecutive KLAS Top 20 Reports, dating back to the 2003 Mid-Year Report. In addition, MicroMD(R) PM was the #1 practice management system for user satisfaction in the Professional Association of Health Care Office Management (PAHCOM) 2006 survey of medical office managers and group practice administrators.

KLAS is a research and consulting firm that independently monitors healthcare information technology vendors with a stringent methodology to ensure that all data and ratings are accurate, honest and impartial. The KLAS Top 20 Report is a bi-annual report card on the performance of the industry's leading vendors and summarizes data collected over the previous 13 months. The KLAS database represents the opinions of healthcare executives, managers and clinicians from over 4,500 hospitals and 2,500 clinics on more than 750 products from 200 healthcare IT vendors. PAHCOM is a national association of health care office management professionals. Its 2006 user satisfaction ratings were derived from a national survey of 3,000 members. The survey results were published in the November/December 2006 issue of Medical Office Management, the official bi-monthly publication of PAHCOM.

Henry Schein Medical Systems will demonstrate its MicroMD(R) practice management (PM) and electronic medical record (EMR) systems at the following upcoming conferences: Pennsylvania Forum for Primary Health Care Annual Conference, July 11-13, 2007, Valley Forge Crown Plaza Hotel, King of Prussia, Pa.; National Association of Community Health Centers (NACHC) Community Health Institute & Expo, August 24-28, 2007, Booth #306, Hilton Anatole, Dallas, Texas; and Medical Group Management Association (MGMA) Annual Conference, October 28-31, 2007, Booth #1425, Pennsylvania Convention Center, Philadelphia, Pa.

About Henry Schein Medical Systems and Henry Schein, Inc.

More than 10,000 physicians in approximately 2,000 primary care and major specialty practices rely on MicroMD(R) software from Henry Schein Medical Systems to streamline and simplify their business operations and clinical workflow, deliver high-quality care to patients and grow their practices. MicroMD(R) PM is a proven, full-featured practice management system, rated #1 for user satisfaction by the Professional Association of Health Care Office Management and consistently ranked among the "Best in KLAS." MicroMD(R) EMR is an intuitive, flexible electronic medical records system based on specialty-specific clinical workflows. MicroMD(R) EMR Version 4.6 is a CCHIT Certified product for CCHIT Ambulatory EHR 2006. MicroMD(R) PMR, a comprehensive system that combines and unites practice management and electronic medical records, maximizes practice efficiency and effectiveness. Henry Schein Medical Systems is a division of Henry Schein, Inc. For 75 years, Henry Schein has been dedicated to the success of office-based practitioners.
