AND UPDATES 2024 FINANCIAL GUIDANCE**

- **First-quarter 2024 sales growth of 3.7%, GAAP diluted EPS of \$0.72 and non-GAAP diluted EPS of \$1.10**
- **Tightens total sales growth guidance range to 8% to 10%, reflecting continued recovery from last year’s cyber incident and a strong pipeline of new specialty products and software innovation**
- **Affirms 2024 non-GAAP diluted EPS guidance of \$5.00 to \$5.16 and 2024 Adjusted EBITDA growth of more than 15%**

MELVILLE, N.Y., May 7, 2024 – Henry Schein, Inc. (Nasdaq: HSIC), the world’s largest provider of health care solutions to office-based dental and medical practitioners, today reported financial results for the first quarter ended March 30, 2024.

“Our first-quarter financial results reflect solid earnings driven by gross margin expansion and a strong recovery from last quarter’s cyber incident,” said Stanley M. Bergman, Chairman of the Board and Chief Executive Officer of Henry Schein. “We continue to make good progress on executing our BOLD+1 Strategic Plan and are pleased with the contribution from our recent acquisitions.”

“We are affirming our expectations for 2024 non-GAAP diluted EPS and 2024 Adjusted EBITDA growth and tightening our expectations for 2024 total sales growth. Our projected sales growth reflects continued recovery from last year’s cyber incident and a strong pipeline of new specialty products and software innovation.” Mr. Bergman added.

First-Quarter 2024 Financial Results

- **Total net sales** for the quarter were \$3.2 billion, an increase of 3.7% compared with the first quarter of 2023. Internal sales decreased 1.8%¹ which includes:
 - an approximate 300 to 400 basis points decrease in sales from the residual impact of last year’s cyber incident, and
 - a 60 basis point decrease in sales due to lower personal protective equipment (PPE) sales, primarily due to lower glove pricing.
- First-quarter sales and internal sales growth are summarized below and detailed in Exhibit A¹.

	Sales (\$ Billion)	Total Growth/(Decrease) ¹ (%)	Internal Growth/(Decrease) ¹ (%)
Global Dental	\$1.9	0.8%	(2.9%)
Merchandise	\$1.5	0.8%	(3.7%)
Equipment	\$0.4	0.8%	0.2%
Global Medical	\$1.0	7.3%	(0.7%)
Global Technology and Value-Added Services	\$0.2	13.8%	3.2%
 TOTAL SALES	 \$3.2	 3.7%	 (1.8%)

Note: items may not sum due to rounding

- **GAAP net income**² for the quarter was \$93 million, or \$0.72 per diluted share⁴, and compares with first-quarter 2023 GAAP net income of \$121 million, or \$0.91 per diluted share.
- **Non-GAAP net income**² for the quarter was \$143 million, or \$1.10 per diluted share⁴, and compares with first-quarter 2023 non-GAAP net income of \$161 million, or \$1.21 per diluted share.
- **Adjusted EBITDA**³ for the quarter was \$255 million, consistent with the first-quarter 2023 Adjusted EBITDA of \$256 million.

Capital Deployment

During the first quarter of 2024, the Company repurchased approximately 1 million shares of its common stock at an average price of \$75.10 per share, for a total of approximately \$75 million. The impact of the share repurchases on first-quarter diluted EPS was immaterial.

At quarter-end, Henry Schein had approximately \$190 million authorized and available for future stock repurchases.

2024 Financial Guidance

Guidance is for current continuing operations as well as acquisitions that have closed and does not include the impact of future share repurchases, potential future acquisitions, restructuring and integration expenses, amortization expense of acquired intangible assets, contingent consideration revaluation adjustments, certain expenses directly associated with the

cybersecurity incident or any potential insurance claim recovery. This guidance also assumes that foreign currency exchange rates remain generally consistent with current levels and that end markets remain consistent with current market conditions:

- 2024 non-GAAP diluted EPS attributable to Henry Schein, Inc. is expected to be \$5.00 to \$5.16, unchanged from prior guidance, reflecting growth of 11% to 15% compared with 2023 non-GAAP diluted EPS of \$4.50.
- 2024 total sales growth is now expected to be approximately 8% to 10% over 2023, compared with prior guidance of 8% to 12% growth. This reflects continued recovery from last year's cyber incident and a strong pipeline of new specialty products and software innovation.
- 2024 Adjusted EBITDA³ is expected to increase by more than 15% compared with 2023, unchanged from prior guidance.

Adjustments to 2024 GAAP Net Income and Diluted EPS

The Company is providing guidance for 2024 diluted EPS on a non-GAAP basis and for 2024 Adjusted EBITDA, as noted above. The Company is not providing a reconciliation of its 2024 non-GAAP guidance to its projected 2024 diluted EPS prepared on a GAAP basis, or its projected 2024 Adjusted EBITDA to net income prepared on a GAAP basis. This is because the Company is unable to provide without unreasonable effort an estimate of integration and restructuring costs related to an ongoing initiative to drive operating efficiencies, including the corresponding tax effect, that will be included in the Company's 2024 diluted EPS and net income prepared on a GAAP basis. The inability to provide this reconciliation is due to the uncertainty and inherent difficulty of predicting the occurrence, magnitude, financial impact and timing of related costs.

Management does not believe these items are representative of the Company's underlying business performance. For the same reasons, the Company is unable to address the probable significance of the unavailable information, which could be material to future results.

The order in which these factors appear should not be construed to indicate their relative importance or priority.

Included within the press release are non-GAAP financial measures that supplement the Company’s Consolidated Statements of Income prepared under generally accepted accounting principles (GAAP). These non-GAAP financial measures adjust the Company’s

actual results prepared under GAAP to exclude certain items. In the schedules attached to the press release, the non-GAAP measures have been reconciled to and should be considered together with the Consolidated Statements of Income. Management believes that non-GAAP financial measures provide investors with useful supplemental information about the financial performance of our business, enable comparison of financial results between periods where certain items may vary independent of business performance and allow for greater transparency with respect to key metrics used by management in operating our business. The impact of certain items that are excluded include integration and restructuring costs, and amortization of acquisition-related assets, because the amount and timing of such charges are significantly impacted by the timing, size, number and nature of the acquisitions we consummate and occur on an unpredictable basis. These non-GAAP financial measures are presented solely for informational and comparative purposes and should not be regarded as a replacement for corresponding, similarly captioned, GAAP measures.
